

# IVF LABORATORY ITEMS

## (OPEN E-TENDER 2017-18 APPROVED LIST )

S.No.	Tender S.No.	Name of items with Specification	Pack Size
1.	1	Petri dish 90 mm	150/Box
2.	2	Petri dish 60 mm	500pcs/case
3.	3	Petri dish 60 mm (Single-well culture dish)	500pcs/case
4.	4	Petri dish 50 X 9 mm ICSI Petri-Dish	500pcs/case
5.	5	Ovum Pick-Up Needle (Single Lumen No. 17)	10 units/pack
6.	6	USG Guided Embryo Transfer Catheter	20 units/pack
7.	7	Denuding pipette 135μ set of 10 Pipette/vial ( Not made of Glass)	per vial of 10 pipette
8.	8	Denuding pipette 170μ set of 10 Pipette/vial (Not made of Glass)	per vial of 10 pipette
9.	9	Denuding pipette 300μ set of 10 Pipette/vial (Not made of Glass)	per vial of 10 pipette
10.	10	Syringe (1ml) special for Embryo Transfer	per unit
11.	11	14 ml Round Bottom Test Tube	500/Box
12.	12	ICSI Injecting Needle with 30° Angle	10 units/pack
13.	13	ICSI Holding Needle with 30° Angle	per unit
14.	14	In-Line filter for CO2 Incubator	1 Unit/pack
15.	15	Humidification Flask for Bench-Top Incubator	per unit
16.	17	Semen Collection Jar	100pcs/case
17.	18	4 Well Dish	120/Box
18.	20	Conical Test Tube 15 ml	300pcs/case
19.	23	Probe Cover Non Lubricated for Ultra Sound Prob	25 unit/pack
20.	24	IUI Cannula Soft Tip	per unit
21.	25	Sperm Washing Media For Swim-up Technique with HEPES Buffered HTF Media for Single Use	30ml
22.	26	Double Density Gradient Media 45% and 90% and HEPES Buffered HTF Media for Single Use (No Need To Kept In Incubator) ampule type	2x30ml
23.	28	Flushing Media - (Ready to use with protein)	100ml
24.	29	IVF Media - (Ready to use with protein)	50ml
25.	30	Sperm Washing Media - (Ready to use with protein)	100ml
26.	31	PVP Media for ICSI- (Ready to use with protein)	Pack 5x200ul
27.	32	Hylase Media for ICSI- (Ready to use with protein)	5x0.1ml
28.	33	Sequential Media day 1 - (Ready to use with protein)	per unit 20ml
29.	34	Sequential Media day 2 - (Ready to use with protein)	per unit 20ml
30.	35	Embryo Freezing Media (Vitrification)- (Ready to use with protein)	per unit 20ml
31.	36	Embryo Thawing Media (Vitrification)- (Ready to use with protein)	per unit 3x20ml
32.	37	Sperm Freezing Media(Ready to use with protein)	per unit 20ml
33.	38	Culture Oil - (Ready to use with protein)	100ml
