CIRCULAR

It has come to notice that the MBBS students are supporting the RDA in respect of the recent incidents of atrocities against resident doctors and in their efforts to support, they are not attending their classes. It is to bring to their kind notice that the National Medical Commission (NMC) has a very stringent policy with respect to attendance for determining the eligibility to appear for the examinations. If there is a shortfall in attendance in their bid to support the strike/demonstration of the RDA, the Institution will be unable to condone the same which could have serious repercussions on your academic schedule. Therefore, all the MBBS students are requested to kindly attend their classes regularly to prevent any implication on their academics.
